

Communities Together Fund!

Nearly £200,000 is now available for East Devon community projects through the Communities Together Fund, which is money from East Devon District Council and Devon County Council. East Devon District Council has put 10p into the grant pot for every £1 from Devon County Council.

- Projects must show communities working together; identifying new ideas for their mutual benefit.
- Applications are welcome from community projects that will benefit, enhance and make a real difference to communities.
- Voluntary and community groups, town and parish councils, community interest companies and registered charities can apply. Projects are more likely to be funded if they involve organisations working together.
- Organisations can apply for between £400 and £30,000 from the Communities Together Fund. 20% of the total costs of your project must come from other sources such as other grants schemes, your own reserves or your own fundraising.
- Projects must benefit two or more town or parish council areas. Exmouth, as part of a pilot scheme, are managing their own funding so must not be included in this number.
- Although they will consider applications that include a small benefit to Exmouth as well as a larger benefit to two or more other town or parish councils, where there is a significant benefit to Exmouth or where Exmouth is the only beneficiary you must apply to the Exmouth fund through Exmouth Town Council which is not yet open to applications, keep an eye out in the local media to find out more.

The closing date for all application is midnight on Wednesday 16 January 2019, all applications will be considered after this date. You would be notified of the outcome around the end of March 2019.

It will be a competitive fund, so they aren't expecting to be able to fund all the projects that apply. All applications will be assessed by East Devon District Council and Devon County Council.
